

Position Description
Tenure-Track Position:
Exercise Physiology
Department of Kinesiology

<u>Position Available:</u>	Assistant Professor, tenure-track position in Exercise Physiology. Expertise in muscle physiology and muscular strength development in varied populations, e.g., diseased, aged, or children.
<u>Minimum Qualifications:</u>	Earned doctoral degree in a sub-discipline of Kinesiology related to the areas of expertise in the job description, and demonstrated experience in some application of exercise physiology, muscle physiology development or rehabilitation. The successful applicant will have the ability to work within a multidisciplinary Department as a member of a team and within a multicultural, diverse University setting. The successful applicant should have demonstrated effectiveness as a teacher as well as demonstrated ability to gain external funding and to establish and pursue a research/scholarly agenda. Interest and ability to extend expertise into the community is expected.
<u>Duties and Responsibilities:</u>	The successful candidate will be able to teach undergraduate and graduate courses in exercise physiology. Secondary teaching expertise is expected in muscle physiology, rehabilitation, or possibly other applications to promote effective neuromuscular functioning in healthy, diseased or impaired populations depending on the strengths of the candidate. We expect the successful candidate to foster relationships with the community and with other educational institutions to promote applications of exercise physiology, muscular strength development and/or rehabilitation, and to develop field opportunities for students interested in these applications. We expect the successful applicant to advise students, supervise student research, establish a research/scholarly agenda, seek external funding and maintain an active and collegial professional profile within and outside of the University.
<u>Rank and Salary:</u>	Assistant Professor. Starting salary will be commensurate with qualifications.
<u>Application Consideration</u>	Review of applications will begin on December 8, 2006 for full consideration. Position will remain open until filled. Applications received past the screening date cannot be guaranteed full consideration.
<u>Starting Date:</u>	Fall semester, 2007
<u>Program:</u>	San Francisco State University, a member of the California State University system, serves a diverse student body of 27,000 undergraduate and graduate students. The mission of the University is to promote scholarship, freedom,

human diversity, excellence in instruction, and intellectual accomplishment. Members of the faculty at SFSU are expected to be effective teachers and demonstrate professional achievement and growth through continued research, publications, and/or creative activities.

To Apply: Qualified applicants should submit a cover letter, detailed vita and three letters of recommendations to:

Dr. Marialice Kern (Chair of Search Committee)
Department of Kinesiology
San Francisco State University
1600 Holloway Avenue
San Francisco, California 94132

Application
Deadline: Review of applications will begin December 8, 2006 and will continue until the position is filled.
